

Liberal Youth Forum (LYF)

Update from LY Forum- Sri Venketeswara College, Delhi

From September 2009 - November 2009, our Delhi Campus Coordinator, Chiestha Kochar organized 5 major events in her campus, Sri Venketaswara College.

The first event was conducted to form LYF Club in the college. After the short seminar which was attended by 45 students approximately, 33 students became members of the LYF club

The second step involved meeting the Principal of the college to discuss the course of action of the club and how students could help in the college administration. They also merged with the students union to work on governance issues. A General Body Meeting was held between the Club Members and the Principal to delegate duties among its members regarding the websites etc. Following this meeting an "AD-MAD" contest was organized to achieve 3 major objectives: 1) Publicity of the club on a larger scale, 2) Getting to know people's opinion on campus issues through an interesting medium which attracts student's participation, 3) Forming Videos to form empirical evidence/basis for the actions the club takes henceforth. 10 teams participated in this contest and there were almost 50-60 members as audience. Finally with another General Body Meeting the list of students who would be running the library and the list of students who would be helping with administration was finalised and along with this the website publicity team compiled their first report to be submitted to the Principal
